The previously called General Meeting having lapsed for want of a quorum, those present formed themselves into a meeting of the Executive, in lieu of that being held on 18/1/27, owing for that night being fixed for a meeting of the Federation.

The minutes of previous meeting were read, received, and confirmed, Mr P.M. Solomon, Vice President, occupying the chair.

Correspondence was read and received. Outgoing correspondence was read and endorsed.

It was reported that Lyle Street lighting and roadway was still in an unsatisfactory state. It was decided to remind the Council re same.
